Why Advanced Care Cover?

Prevention is better than a cure

Keep fuel bills to a minimum with annual safety inspections which ensure your boiler is delivering optimum performance.

Regular checks catch minor faults before they become a major issue, saving you money and hassle in the long run.

Our annual inspections also maintain the validity of your boiler's manufacturer warranty.

Peace of mind is priceless

All it takes is one part to stop working, leaving you with no hot water and no heating. Your home could be freezing for several days...

With Advanced Care you will be safe in the knowledge that if your central heating fails we will fix it as a matter of priority with all parts and labour covered.

Please note: We are not an emergency service and do not provide cover outside normal working hours, Sundays or Bank Holidays. There is an answer phone service available outside of our normal working hours which will be responded to as soon as possible.

Which plan is right for me?

If your boiler is out of warranty choose from Platinum, Gold or Silver.

Choose System Cover if boiler is under warranty.
